Come home to a better world

Picture story

MAY 7, 2014 1

ZOOM: + - Reset

Saved: A rescue team carries an injured mule across a river in Paro. The mule was injured when crossing a bridge on the way to Chumphu monastery. Eight other horses were also injured. It took the rescue team, personnel of the RBA, RBP, Bhutan Animal Rescue and Care, and a Paro animal shelter run by Jamie Vaughan, five hours to carry the injured mule to the nearest motor road.
